## Thanksgiving Day This Year to See No Food Shortage

### Wild Game Plentiful Here; Business Houses and Schools Closed

With business at a standstill tomorrow, Thanksgiving Day, in Antioch, business men and employees alike will take the day off to relax, eat of the bountiful supply of food that in most instances will be available, and rest.

An unusually good supply of game this year will tempt many a hunter to go hunting for the meat dish just as the Puritans at the time of the first Thanksgiving Day killed wild turkeys. Wild fowl, ducks, geese and pheasants are in comparative abundance here this year.

Should the person not have the ability to hunt he can find plenty of turkeys on sale or the family may take advantage of the good offered by surrounding restaurants and resorts. There are no food shortages this year.

A special Thanksgiving Day service has been announced by the Christian Science church for 11 a. m. Thursday.

Antioch schools will be closed for the rest of the week.

The postoffice will be open until 9 a. m. and will then be closed for the rest of the day. There will be no rural deliveries.

Because of the holiday the Antioch News is published a day earlier.

## Lions Club Will Elect Officers At Dec. 13 Meet

A slate of officers, selected by the nominating committee, was presented to the membership of the Antioch Lions club at a meeting held Monday evening at Steltz's Resort, Bluff Lake. Election will take place at a meeting to be held Dec. 13th.

Prospective officers for the coming year presented were W. E. Brook, president; Dan S. Boyer, 1st vice president; I. W. Carey, 2nd vice president; R. G. Holtz, 3rd vice president; Don Berkheiser, secretary; K. F. Dietrick, Lion Tamer; and James Horan, Tail Twister.

Directors nominated were C. E. Gaffey and James Kopriva, who will replace Robert Webb and James McMillen.

Lions club president Edw. C. Jacobs appointed E. J. Sletten treasurer of the Lions Club Rescue Squad Fund Committee to replace the late C. K. Anderson for the remainder of his unexpired term and other members of the committee replaced were Ed Vos and Jas. McMillen, who were re-appointed.

**Donate \$750 to Squad**  
Considerable time was consumed at the meeting in a discussion of a gift of money to the rescue squad fund, with the final outcome that a sum of \$750 was earmarked to help swell the squad fund. It was brought out at the meeting that the Squad had on hand some \$2800 on August first of this year, and since that time the squad has received a gift of \$1,000, left by the will of C. K. Anderson. The Lions Club Squad Fund Committee had on hand at that time approximately \$800.00. Since that time, this fund has been decreased considerably by payment of the new Rescue Squad truck and the gift from the Lions club will help to build up the building fund of the committee.

## Don Heath To Play Basketball In Japan

Oct. 29—Corporal Donald E. Heath, 20, son of Mr. and Mrs. C. L. Heath, 909 Main St., Antioch, now serving with the First Medical Squadron, First Cavalry Division, on occupation duty in the Tokyo-Yokohama area of Japan, has been selected for training with the division basketball team.

Gpl. Heath, graduate of Antioch High school where he was active in sports, entered the army as a career in June 1946 and joined the occupation forces in Japan in December of the same year. He has continued his interest in sports and Coach Capt. Jack W. Downing, pilot of the Cavalier Basketeers, says he "looks mighty good" on the court and should become a valuable man in the forthcoming All-Japan Champion Contest.

## Lieut. Wilkinson Is Buried at Warren Wednesday, Nov. 24

Funeral services for 1st Lieutenant Thomas Wilkinson, Jr., who was lost April 19, 1945, when his plane was shot down over Italy in World War II, were held Wednesday, November 24, at 2 p. m., at the Lake Villa Community church. Rev. T. E. Rodd officiated.

Lt. Wilkinson's body has been buried at the U. S. Military Cemetery at Castelflorentina, Italy, and was exhumed for shipment to his parents at Lake Villa.

He was born on December 13, 1919, at Toronto, Canada and was brought to Lake Villa at an early age, where he attended Gavin and Lake Villa Grade schools, and Grant Township High school. He graduated from Grant at the age of 16, and was employed by his father as a blacksmith until going into service.

He is survived by his father, Thomas Wilkinson, Sr., and three sisters, Mrs. Margaret Boller, Waukegan; Mrs. Mary Guida, Pittsburg, Pa., and Mrs. Bessie Brezina, of Silver Lake, Wisconsin.

The body lay in state at the Strang Funeral home until Wednesday when it was taken to Lake Villa for the funeral services.

Services at the grave in Warren cemetery were conducted by the Antioch American Legion post and the Sequoit Post of the V. F. W. Both organizations were assisted by their auxiliaries.

## Sequoit Hoopsters To Meet Northbrook In First Game Wed.

Antioch Township high school's fighting Sequoit Basketball team will meet Northbrook tonight (Wednesday) in the opener of the season for the locals. The game will be played here and will feature a curtain raiser to start at 7:15 featuring the lightweights against a similar team from Northbrook.

The varsity will engage to Northbrook team at 8:30 and since this is a conference game too, locals will be out to hang up a win in the first game of the season.

Two of the Antioch players on whom Coach Maurice Kruzan had depended will not be in tonight's game. Buchta the rangy center and Pete Poulos have deficiencies in grades.

The starting lineup will be Wilton, center; Tom Poulos and Wiczorek, guards; Appanatis, Stillson, or Radtke, forwards.

Next week, Grant will play here on Friday and Antioch will go to Barrington on Saturday.

## Hillside Cemetery Association Elects

Mrs. Fern Lux was elected president of the Hillside Cemetery Association at the annual meeting of the organization held Monday evening at the Strang Funeral home, Main street, Antioch.

Other officers chosen to serve for the coming year were Alice Emmons, vice president; Vera Horton, secretary; and William Brook, treasurer. Trustees selected were Ernest Brook, Lee Strang, Robert Wilton, Ernest Simons and Ben Burke.

Officers replaced were Dr. R. D. Williams, treasurer; Drucilla Ferris, secretary and Joseph Labdon, trustee.

## Widening of Main St. In Progress at South Part of Business Dist.

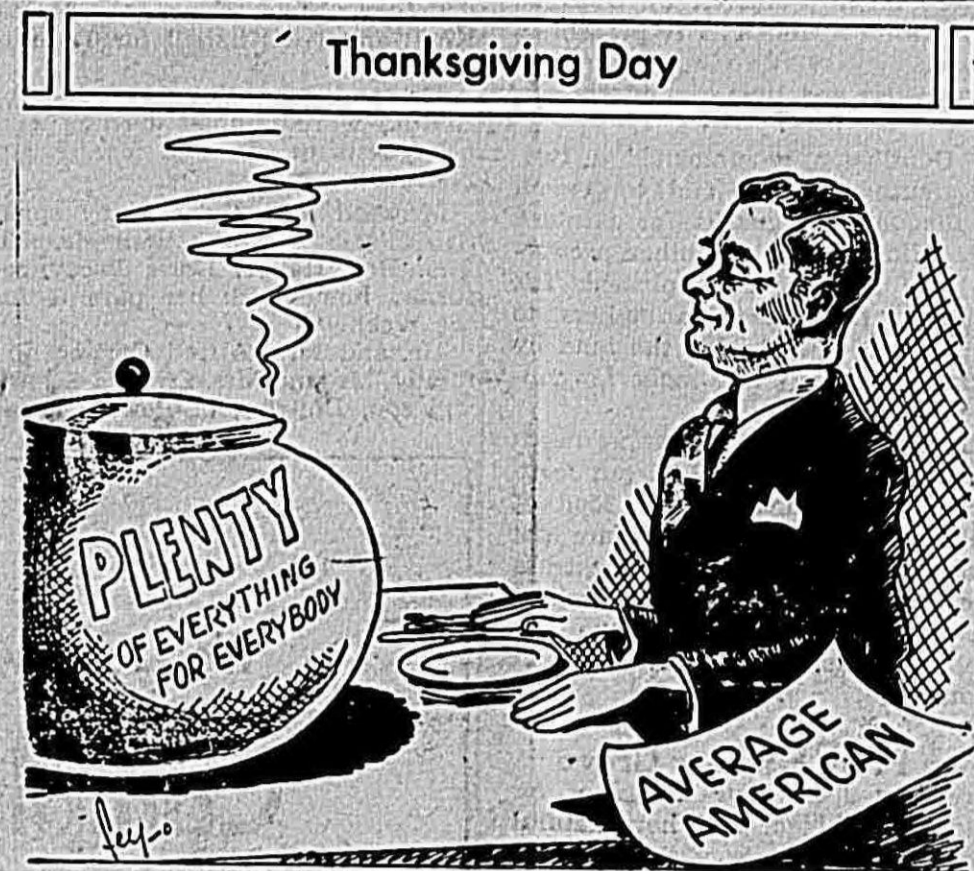

Widening of Main street at the south end of the business district is in progress and with favorable weather should be completed by next week.

The work of the addition of five ft. of cement paving to both sides of the street for a distance of nearly 500 ft. to match the width of the rest of the street north is being done by the Eric Bolander Construction Co., of Libertyville.

With plenty of men and equipment the excavation and pouring of cement is proceeding rapidly. The west side was laid first and then the east side will be undertaken.

Widening of the street will permit less hazardous parking in that business area which has gradually moved southward. The paving is being paid for out of motor fuel tax money collected by the state.

The Lakeside Rebekah lodge will have election of officers on Wednesday night, Dec. 1. They would like to have all their members present.

## Mundelein Youth To Represent Co. At 4-H Congress

Floyd Hutchings, 20, of Mundelein, son of Mrs. Clayton Hutchings, was one of 26 Illinois 4-H club members who have been selected as delegates to National 4-H Congress in Chicago on Nov. 27 to Dec. 3.

Floyd was selected for this honor by the 4-H extension staff at the University of Illinois because of his outstanding over-all record in 4-H club work this year in project work, in 4-H activities and in leadership in other activities in the community and county.

FLOYD HUTCHINGS

Among Floyd's projects this year were Farm concrete, legumes, oats, corn, home grown beautification, soil improvement, dairy and tractor maintenance.

A member of the Lake Zurich Senior Club for 6 years, Floyd has won many outstanding honors. This year Floyd was named a county and state Project Honor member in the dairy project. He was also named a county and state Outstanding Club member. This club member was also named state winner in the Tractor Maintenance contest and received \$50.00 for paying his expenses to the National 4-H Club Congress.

In connection with the Farm Concrete Project, Floyd was presented a trowel by the Portland Cement Association for submitting the best records from Lake County. This ambitious and versatile club member also won the first place of a \$50.00 bond in Lake County in the Better Methods Contest, sponsored by the Public Service Company.

Lake County can well be proud of this club member, who is the first one in many years to be named a delegate to the National 4-H Club Congress from Lake County. This is one of the highest honors that can ever be given to a 4-H Club member.

## Local Veterans Groups Seek Money For Gifts For Downey Veterans

People may think they are seeing double when they notice two similar receptacles on the counters at the various business houses seeking money to be used in providing gifts for the veterans at Downey hospital, but the purpose is single.

The Veterans of Foreign Wars and the American Legion of Antioch are both collecting money to provide gifts "for the Yanks who gave" at Christmas time. The Legion box says just "Christmas Gifts" and the VFW box says "for cigarettes."

Regardless of which box the giver places his money in the veterans at the hospital will benefit.

## 200 Attend Eastern Star Installation Saturday Evening

More than 200 members and guests were present at the installation of officers of the Antioch chapter, O. E. S. held Saturday evening at the Masonic Temple.

The installation was conducted by Grand Lecturers, Past Worthy Matrons and Past Patrons of Lake County Chapters and was very beautiful and impressive.

A fine musical program was enjoyed by the assemblage through the courtesy of Fred B. Swanson, Past Potentate of Medinah Temple. The program featured Bob Kessler, tenor and a member of the radio attraction, the Northerners, who sang "The Lord's Prayer," "Roses of Picardy" and also a duet, "Indian Love Call" with Mrs. Eva Carlson.

Mr. Herbert Johnson, staff pianist with the National Broadcasting Company, was at the meeting to accompany Kessler and Hans Munzer, concert violinist. Munzer presented three solos, "Kiss Me Again," "Gypsy Airs," and a waltz by Victor Herbert.

Refreshments were served after the installation and the program.

## Brownies To Give Christmas Basket

The newly organized Brownie troop of the Antioch Girl Scouts will each bring a tin of food to the next meeting, Thursday, Dec. 2, at the Scout home. In addition to the food each will bring 10c to help provide Christmas baskets for needy families of the community.

The Brownies, organized November 3, is the junior organization of the girl scouts and is open to all girls of the community between the ages of 7 and 10 years. About forty have already joined the troop which is under the leadership of Mrs. Louis Beil.

## Outdoor and Boat Show Will Combine At Pier, Feb. 4-13

The Annual Chicago Boat show, always of great interest to local residents of the lakes region will be combined with the Outdoor show this year and only the one show will be promoted.

The 1948 show established new highs in almost all categories, but the coming event will doubtless have greater numbers of spectators viewing more exhibits of sports equipment, travel items, boats and marine accessories and trailers than ever before, Kahler predicted.

The twin wings of the half-mile long pier will be crowded to capacity on the basis of present reservations by exhibitors. The south will be devoted to displays of sports, trailers and travel, while the north wing will feature boats and marine equipment exclusively.

The ten-day event can lay claim to the title of the world's largest outdoors and recreation industries event, show officials stated, since it represents the merger of the 18th Chicago National Boat Show with the 11th International Sports, Travel and Trailer Show. Both were established leaders in the recreational exposition field, and their combination in a single event guarantees new records in both exhibits and attendance.

Daily entertainment will feature outstanding sports stars. Champions will be established by competition in such events as casting, duck and crow calling, table tennis and others.

## Hunters Report More Pheasants This Year

Reports from Illinois hunters have shown that this year we have had more pheasants in our state than for many years. The department distributed more than 100,000 pheasants during the summer and early fall and the four public shooting areas for upland game have also been operating at capacity during the pheasant season.

The daily bag limit on pheasants is two male birds and the possession limit four. Birds, legally possessed, may be kept "until consumed" under Illinois regulations.

The migratory waterfowl picture for the state has varied with the weather. Early reports were good, in spite of mild conditions in most sections of the state. Later waterfowl hunters reported only fair bags although ducks were numerous. Too many long range shooters was the common complaint. The recent cold snap has again brought flights of ducks in to the Mississippi and Illinois river bottoms and hunting prospects look better for the next few days of the migratory waterfowl season.

**Fishing**  
The Fisheries Division has released 10,000 fingerling smallmouth bass, in Northern Illinois streams with another 40,000 scheduled to be released during the next few days. The fisheries division has been operating a hatchery program designed to increase the bass populations of all Illinois waters and fishermen may expect to reap the benefits of this long range program during the next few years.

## James Schaefer Shoots Eighteen Pound Snow Goose at Lake Marie

A pure white snow goose, whipping the scales at more than eighteen pounds and with a wingspread of about seven feet was bagged by James Schaefer of Schaefer's Resort, Petite Lake, on Monday morning of this week.

The goose was one of a flock of three which were winging their way down the channel leading from Lake Marie to Grass Lake where Schaefer had his blind. Two shots were necessary to bring the bird down and Schaefer was congratulating himself on the foresight which had lead him to load up with BB shot, in the event that he might get in a shot at a goose.

This is believed to be the largest goose of this variety ever shot in this locality and was the largest of the three seen by Schaefer. Hunting has been good during the past few days, the weather brings the birds down from the north. Schaefer bagged two ducks also on Monday morning.

## William Keulman Misses Perfect 300 by One Pin

The Men's major league followed the pattern set by the other leagues this Friday by setting up some top scores in the annual "turkey shoot." The high games were topped by Bill Keulman's 280 game, which won the high game "turkey." Bill narrowly missed getting into bowling's hall of fame by rolling a perfect 300 game when he started the game with a strike, got nine pins and a spare in the second stanza, and wound up with a string of ten for a 280.

The Turkey for high series was won by a sparkling 642, rolled by Al Kock of Joe and Helen's.

In the team competition Bussie's took two from Gus and Betty's, Joe and Helen's took the odd game from Lindy's Soda bar and the Antioch Builders took a clean sweep from the Antioch Lumber Co.

## ANTIOCH BUILDERS TAKE CHICAGO CLASSIC LEAGUE TEAM IN MATCH SATURDAY

In a close match game at the Antioch Recreation Saturday evening the local hot shot Antioch Builders team sent the Danne In-

## Lakeland Players To Present Play To Benefit Scouts

A one act play "A Sign Unto You" will be presented by the Lakeland Players, local dramatic group, on December 10, at the High school auditorium.

The play is in keeping with the Christmas spirit and although no admission will be charged, a collection for the scout home will be taken. A free lunch will be served after the play.

## Mass Meeting of Taxpayers Ass'n. Set for Dec. 10

### Joint Sponsorship of Lake County Civic League And Federation

A mass meeting of taxpayers of Lake County has been called by the Taxpayers' Federation of Illinois and the Lake County Civic League for Friday evening, Dec. 10, at 8 p. m. at Waukegan.

The meeting is to be held in Memorial hall in the basement of Christ church Parish House.

State Senator Ray Paddock and State Representative Thomas A. Bolger, Nick Keller and Harvey Pearson have been invited to attend the meeting.

Donald R. Rouser, field representative of the Taxpayers' Federation will start work in Lake County on Nov. 29, to help Walton R. L. Taylor, Executive Secretary of the Lake County Civic League, develop this meeting.

This mass meeting is the fourth of a series to be held by the Taxpayers' Federation throughout the State, for the purpose of finding out what the taxpayers of Illinois want their Senators and Representatives to do on issues of major importance coming before the 1949 sessions of the Illinois General Assembly and Federal Congress.

"The 100% assessment laws are the best example of how legislation can affect the pocketbook of every taxpayer in Lake County," Rouser said. "Unless the taxpayers are willing to come to this meeting, discuss tax issues of major importance and let their elected Senators and Representatives know how they feel, then they'll have only themselves to blame if only the voice of the taxpayer is heard in Springfield and Washington."

The Taxpayers' Federation of Illinois is a statewide citizen organization working exclusively to get more for the taxpayers' money from local, state and federal governments through united taxpayer action based on facts.

## Veterans Committees Chosen to Promote the Benefit for Zemaneks

Committees in charge of promotion of the show which will be given at the Lakes theatre Dec. 15 and 16 as a benefit for the triplets of Mr. and Mrs. John Zemanek have been appointed by the American Legion and its auxiliary.

Mrs. W. A. Biron, in charge of child welfare, Mrs. Thomas Burdette, Mrs. Alma Harden, and Mrs. Lucy Himens, president, represent the auxiliary unit; and Ray D. Morton, commander; John L. Horan, service officer; Albert Sorenson, Edward J. Frazier, and W. V. Lahti represent the Legion.

The veterans organization is having the full cooperation of William Lemke, manager of the theatre.

## T. R. Birkhead To Speak at National Meet of Educators

T. R. Birkhead will speak on "Improvement of Vocational Agriculture Instruction" at the National Association meeting, Wednesday, meeting of the American Vocational December 1, at Milwaukee, Wis. The meeting which will attract educators from every state in the union is held in a different city each year.

## Strahammers To Open Delicatessen Store in Antioch

Mr. and Mrs. Joseph Strahammer of Chicago, have leased the H. J. Brogan building, recently vacated by the Dalggaard Grocery. The Strahammers plan to open a Delicatessen store by the first of the year. They have operated a store in Chicago for the past 12 years. The Strahammers come to Antioch well recommended.

They have a summer home at Rock Lake and expect to make their home there permanently.

**PARENTS OF DAUGHTER**  
Mr. and Mrs. Richard Seefeldt, of Round Lake, announce the birth of a daughter, Darlene Marie, at Burlington Memorial hospital, Nov. 14. Mrs. Seefeldt is the daughter of Mr. and Mrs. Harman Long, formerly of Antioch.

In a recent speech, L. P. Shield, president of Grand Union Company, traced the development of chain stores, and said that chains, in hitching mass distribution to mass production, "have made one of history's great contributions to our economic system."

In the past 15 years the country has witnessed some especially fine examples of chain store service. During the depression, for instance, the chains made particular effort to move surplus or "distressed" foods, and the economic value of this to the American farmer was tremendous. During the war, the chains were leaders in cooperating with the government in the difficult work of keeping prices to legal levels, fighting black markets, and distributing goods in an orderly fashion in a time of scarcity. And since the war, the chains have been at the forefront in the battle to keep prices from running completely out of sight, and to market goods at a minimum cost and profit.

The value of chain merchandising has not been confined to such work as this. Other kinds of stores, faced with chain competition, had to keep up with the march of progress or fall by the wayside. The independents adopted many chain policies, and came up with new and attractive innovations of their own. They have held their share of the business, and are giving the chains plenty of tough competition. Thus, every phase of merchandising has been influenced for the better.

A mass production economy must have mass distribution to move the goods. American retailing has no equal in the world.

## Protecting The Food Supply

Country Gentleman recently published an editorial dealing with one of the most important yet least understood problems confronting the American people. The theme of it is found in its title and sub-

title: "America's advantage must be maintained. Only by protecting our sources of abundant food can we continue to lead the world."

Few of us realize the extent to which our standard of living is dependent upon food which is moderately priced in relation to income. Over a long period of time, food has taken only about 24 percent of our spendable personal income. The balance has been left to buy other things—the things which keep industry going and employment high. As the Country Gentleman said, "Nowhere else in the world has so much been left . . . to be used in raising the general standard of living." In other countries, by contrast, the cost of food accounts for as much as 70 percent of the average worker's earnings. Little remains for anything else—so industry lags and living standards are low.

The Country Gentleman recommends a two-faceted program to assure an ample and permanent food supply—first, adequate safeguards for farmers, and, secondly, conservation of soil and other productive resources. The first is being accomplished. The second offers a challenge to farmers, and others, to prevent the exhaustion and depletion of the land by adopting proven farming processes that make for conservation and soil maintenance.

To cite a current example, the nation needs more meat animals. They furnish food and put fertility back in the soil. Meat animals make food of grasses, fodders and waste products which are not suitable for the human diet. Consumption of meat has tended to rise while supplies have tended to decline. To achieve greater production we must have fair prices to encourage producers. Food is the basis of the American economy.

## The Low Down From Hickory Grove

I just been reading about how the pipes for gas are getting bigger and bigger and how natural gas is to be pumped from the middle of the U. S. A., to Cincinnati and New York and thereabouts and also west as far as San Francisco. That, sisters and brothers, takes no mediocre kind of pipe. And furthermore a big part of the gas being corralled and shipped around, is the kind of gas that used to be lost in former times as the oil folks got out the oil.

It has taken a right smart amount of heavy thinking to figure out these things—it has also taken plenty dinero. And anybody probing for a good answer as to what is private enterprise, they got it right here with oil and gas. Conservation, too—good for the country—good for everybody.

I don't too often get hot and bothered about anything—but now and then when I see guys getting up on a platform and saying big outfits are a menace, I waver. I figure the guy is a pee-wee, or a fellow that I would not choose to have hold my gold watch if my back was turned. Who would put in big pipe for handling big amounts of gas if there was no big company? I ask the windy pee-wee guy that.

Yours with the low down,

JO SERRA

## Thanks to many people for many things

THIS IS THE SEASON OF THANKSGIVING . . .

And there is much for which we can all be thankful in this great country of ours.

Certainly we are thankful for a bountiful harvest of grain and corn, for a high level of production and employment, for a standard of living that is the envy of the world.

Most of all, perhaps, we are grateful for our American heritage . . . freedom of opportunity, freedom of choice, freedom to think and worship according to our own beliefs.

We Feel as a Chevrolet dealer it is an appropriate time to convey our sincere appreciation to the people of this community for their loyalty, patience and understanding.

For Despite Chevrolet's production of more cars and trucks during 1948 than any other manufacturer there is still a long "waiting list" for America's most-wanted cars and trucks.

Chevrolet is doing everything within its power to maintain and increase production. Meantime, we would like to express our thanks . . .

Thanks to Buyers and Prospective Buyers of New Chevrolets for your generous recognition of the honest value built into this first-choice car in the low-priced field. More people have bought Chevrolet cars and

trucks, during the eighteen-year period from 1931 to date, than have bought the cars and trucks of any other manufacturer.

Thanks to Those Who Are Waiting for Orders to be Filled for your patience and understanding. You can be sure we are doing our best to treat all customers fairly . . . doing our best to speed the day when we can give you the good news, "Your waiting days are over!"

Thanks to Service Customers for the opportunity to keep your present cars in safe driving condition. We have tried to serve you well, and appreciate your patronage.

your Buick's  
fireball power

To get everything out of your Buick's purring fireball engine that the factory puts into it, you have to feed it a fat, juicy spark. The kind of spark an electrical system in good order always gives.

We'll check your Buick's electrical system—clean and regulate the distributor, generator and voltage regulator, go over the wiring inch

by inch, clean or change your spark plugs.

But we do it with a difference—the combination of Buick care and Buick factory-engineered parts that keeps your Buick always a Buick, always at its best.

## Frances Zimmerman Is Recent Bride of W. G. Prutzman

Miss Frances Zimmerman, daughter of Dr. and Mrs. Louis J. Zimmerman, became the bride of Mr. Walter Grant Prutzman, son of Mrs. Amy Prutzman, of Pennsylvania, in a service at St. Ignatius church Saturday, Nov. 20, at 4 o'clock. The Rev. Fr. William E. Strasser officiated.

Given in marriage by her father, the bride was attired in a gown of ivory satin and heirloom duchess lace. Her fingertip veil fell from a seed pearl tiara and she carried a bouquet of baby orchids.

Miss Margaret Quilty, of Antioch, was maid of honor. She was dressed in a gown of slate blue satin and carried red roses. Miss Edna Ristau, bridesmaid wore a gown of blue satin and her flowers were red roses.

Paul Tweed, of New Jersey, brother-in-law of the groom, served as best man. Other attendants were Dr. Russell Forrest, of Chicago and Louis Adams of Gauges Lake.

Mrs. William Dow, accompanied at the organ by Mrs. L. R. Van-Patten sang "Because" and "O' Perfect Love."

The bride's mother wore a floor length gown of Royal blue with a Roke feather hat and gold accessories, her flowers were orchids. The groom's mother wore a turquoise blue gown with black accessories, her flowers were orchids.

After a wedding dinner held at Our Country Club, the couple left for a wedding trip to New Orleans and Florida after which they are going to their home at 16 Browning Road, Collingswood, N. J.

The bride is a graduate of the Antioch Township High school and also of the University hospital of Chicago. Mr. Prutzman is a chemical engineer with DuPont Company. Out of town guests were Mrs. Harry W. Stone, of St. Petersburg, Fla., and Mr. Elmer J. Pearl, of Audubon, New Jersey. Mrs. Virginia Tweed of New Jersey and Mrs. Hartman of Philadelphia, Pa.

## M. Y. F. BASKETBALL RALLY SCHEDULED FOR SUNDAY

## Library Notes

"Crusade in Europe," by Dwight  
D. Eisenhower, is a book every in-  
telligent citizen will find absorbing.  
The author's unique position as  
commander of the largest military  
operation in history makes this  
book a record of value for all time.  
In its pages you meet the great  
figures of World War II and become  
intimately acquainted with Gen-  
eral "Ike." "Crusade in Europe" was  
presented to the library in memory  
of Arthur Mapletorpe.

"Christ and the Fine Arts," by  
Cynthia Maus, is an anthology of  
pictures, music, poetry and stories  
centering in the life of Christ. An  
introduction devoted to the use of  
the arts in religious education will  
be very useful. The main part of  
the book is divided into sections  
containing material on the nativity,  
Jesus as a youth, Jesus, the man,  
the crucifixion, the Resurrection  
and Jesus in present day life. Just  
in time for Christmas, this book  
was presented to the library in  
memory of Vida Haley.

Mrs. Fred Lenzen returned home  
Saturday after spending a month  
with relatives in Washington, D. C.

Mrs. Mollie Sommerville return-  
ed home Saturday after a two  
weeks visit with relatives in Pat-  
erson and North Haledon, New  
Jersey, and in Cleveland, Ayrria  
and Warren, Ohio.

Mr. and Mrs. Wallie Valters and  
Mr. and Mrs. Melvin Sullivan, of  
Chicago, were guests of Mr. and  
Mrs. Howard Gaston Saturday eve-  
ning.

## ROONEY-DRESSEL WEDDING SATURDAY AT LAKE VILLA

Helen Rooney and Edward Dres-  
sel, well known residents of the  
Antioch community, were married  
at 4 p. m. Saturday at the Com-  
munity church in Lake Villa. The  
Rev. T. E. Rodd performed the  
ceremony. The couple was attended  
by the bride's brother and his wife.

Mrs. Clyde McClain and son, of  
Colton, California, are the guests of  
Mrs. McClain's parents, Mr. and  
Mrs. C. E. Hennings and family.

Mr. and Mrs. Earl Pitman, Vic-  
toria street, left Friday for West  
Palm Beach, Florida, where they  
will spend the winter.

Mr. and Mrs. Luster Badger left  
Wednesday for Broughton, Illinois,  
where they will spend Thanksgiv-  
ing with Mrs. Badger's parents.

Mr. and Mrs. Westleigh Carlsen  
will be guests of friends in Elgin  
Thanksgiving Day.

Mrs. Dorothy Beelow is enter-  
taining at a family dinner Thank-  
sgiving Day at her home on Spaf-  
ford street.

Mr. and Mrs. Luster Badger, Mrs.  
Irving Elms, Mrs. Otto Dolar and  
Mrs. H. B. Gaston attended install-  
ation of officers at Lake Forest  
Eastern Star Monday evening.

First Use of Natural Gas

Natural gas was first used in iron  
working at Leechburg, Pa. In 1947  
approximately 257,000,000 cubic  
feet of this gas were consumed by  
the iron and steel industry.

## Antioch F. H. A. Girls Attend Section Meeting

Representatives of the Antioch  
Township Future High school  
Homemakers of America chapter at-  
tended the section meeting of the  
organization at Grayslake Saturday.  
Twelve schools from five counties  
had delegations. Under the theme  
Indians, each school was given a  
tribal name in the powwow. Each  
tribe presented a skit and took part  
in a discussion.

Reports of the national conven-  
tion and the state camp given. Mrs.  
Helen Volk, home adviser, gave a  
talk on Mexico, and Miss Florence  
Bodenback, state supervisor of  
home economics from Springfield,  
also spoke.

## Home From Hunting Trip

Arthur F. Weber, 47 Grapevine  
ave., Channel lake, and George  
Smith retired Chicago hardware  
merchant living at Grass lake, re-  
turned home Nov. 18 from Ravin  
S. Dak., where they went on a hu-  
ing trip. They found bad wea-  
ther in the 10 days they were  
out but in the four remaining days  
got their limit in cock pheasant.  
Weber says that territory on  
bumper corn crop this year  
man had 800 acres in corn.

### Margaret Gannon, 84 Dies in Chicago Hospital

Margaret Gannon, 84, of Oak Park, died Sunday, November 21, at 1:30 p. m. in a Chicago hospital, after a lingering illness. She was born June 1, 1864 at Spring Grove, Illinois. She had made her home with her daughter in Oak Park for the past twelve years and had spent her summers at Camp Lake. Her husband, Edward, had pioneered at Wilmet, Wisconsin, having owned the farm known as the Gannon farm near Wilmet.

Survivors are her daughter, Mrs. Abel Cantu, a son, Lawrence Gannon, both of Oak Park, five grandchildren and 2 great grandchildren. Funeral services were held Wednesday from the Holy Name church at Wilmet. The Rev. Harold O'Connor officiated. Burial was in Holy Name cemetery.

**Badminton an Old Game**  
Badminton, the popular indoor game, was played many centuries ago in India, where it was known as "poona."

### Milking Barn

It is poor economy to save space in the milking barn by cutting down on the width of litter alleys and feed alleys. This barn is the dairy farmer's workshop. Plenty of space adds to convenience and is a more pleasant place in which to work.

### Sulphur Dust for Chiggers

One of the best ways to fight chiggers is with sulphur dust. Absolute control of the pests in lawns can be attained by dusting one pound to three square rods. For avoiding chigger bites, dust socks, the bottoms of trousers and around the belt.

### When Addressing Parcels

A wooden match dipped in ink is an excellent substitute for a pen for addressing parcels; it saves the pen and makes the writing bolder and clearer.

### Another Great Discovery

Columbus, in addition to discovering America, also discovered chocolate. He brought some cocoa beans from Mexico to Queen Isabella.

### Uncle Sam Says

Farming is a combination of a business and a home. And you farmers realize that a well-managed business must maintain a financial reserve as security against future needs and emergencies. This reserve is built up during the good years, like this one, when many crops are the biggest in history. It must be in the safest possible form and always available. Nothing meets these requirements so well as U. S. Savings Bonds. You know that Savings Bonds provide more security than cash because they will be replaced if lost or stolen and they also bear interest, paying \$4 for every \$3 invested, in ten years.

A baseball player socking out a home run in a tight World Series game provides the thrill of a lifetime. A parent socking away a sheet of U. S. Savings Bonds provides security and a thrill for his family in the years to come. Start saving today. In ten quick years you'll be repaid \$4 for every \$3 you put into your Savings Bonds "for success," and that's a guarantee by your Uncle Sam. Sign up for the Payroll Savings Plan where you work, or if in business or a profession enroll for the Bond-a-Month Plan at your bank.

### Vitamin B-12

Dark red crystals have been obtained from liver, which give such a boost to patients with pernicious anemia that it looks like the real thing has been discovered. A number of people have worked on the isolation and clinical testing; their work still is going on. Numerous commercial liver extracts intended for treatment of pernicious anemia have been examined and found to contain these small red needles. Since the chemical structure of the compound is not yet known, it has been tentatively named vitamin B-12.

### Elements of Plant Nutrition

Elements now definitely established to be essential in minute amounts to the normal development of plants are boron, manganese, zinc, copper, molybdenum and iron. The last named has been known to be essential for more than a century, whereas rigorous proof of the essentiality, for a wide range of plant species, of the other elements mentioned is comparatively recent.

### Brain Food

No single food is a brain or nerve food but it takes a balanced diet to maintain the health of brain and nerves, as well as the health of the rest of the body.

**Proper front wheel alignment  
is highly important!**

JUST a bad bump at the curb can sometimes throw the wheels of any car slightly out of line... without the driver's knowing about it. Then you'd literally be dragging your tires sideways over miles of highway.

Don't risk it. It's cheaper and safer to drive in now for our Precision Wheel Alignment Service. We'll check the steering-gear assembly, inspect front-end alignment and make precision adjustment, balance front wheel assemblies, equalize pressure in tires.

Remember—ours is the authorized Chrysler-Plymouth service, by experts who know your car inside and out.

The Antioch News

Once again we salute our Newspaper boys, honoring their thrift and enterprise. Nearly 500,000 of these boys are carrying on that sense of duty and responsibility which brings the papers to our door every day in the year. These nephews of mine are training for success, and a part of that training is in thrift. Last year, newboys enrolled in Newspaper Thrift Clubs invested \$2,000,000 in U. S. Savings Bonds. These bonds will pay them \$4 for every \$3 invested ten years hence. Every bond is guaranteed as the safe investment for everyone.

### SAM POST SAYS:

"Johnny Davis is going to be mighty happy today. Uncle Sam is on time, again, with his Disability Check."

"I remember when Johnny's back went bad on him. He was about the bluest guy in town. Didn't see how he could ever pay his doctor bills, and support the wife and kids at the same time! Well, the Service Officer at our V.F.W. Post saw the problem immediately and went to work on it. Before long, the boy was on his way to a Veterans' Hospital, and his family was well taken care of with a monthly allowance. Now, John's back home convalescing, and his check keeps right on coming every month."

"Course, Johnny Davis didn't have to be a member of the V.F.W. to get that check, but, if he hadn't belonged, it's ten to one he wouldn't have found out how to go about it. Keeping track of veterans' legislation and rulings is a full-time job with the V.F.W. That's why the organization can do so much for a member when he gets into a tight spot."

"Only veterans with overseas service can join the V.F.W. (I say it's the most exclusive club in town), but these men get quick help on pensions, housing, or any other problem involving veterans' rights."

"So, how about coming out for our next V.F.W. Meeting? You'll have a swell time, but more important than that, you'll hear about a beautifully-organized, sense-making program designed to help servicemen get ahead in life!"

We cordially invite you to attend our next Post Meeting, as a guest.

The Junior choir will sing the "Merry Christmas" at 11 a. m. and Rev. T. E. Dodd will announce that his sermon topic will be "Immanuel: God with us."

The Woman's Society of Christian Service will hold its annual Christmas sale and ham dinner at the church basement on Wednesday, Dec. 1. Sale will be in charge of Clifton Bray, who sells infant's wear; Stella Pedersen, fancy work; Cora Hamlin, comforters, rugs and cards; Marie Hamlin, of aprons; and Anna Gunnarson will be in charge of the bakery booth. Do you know that you will be able to get some of your Christmas shopping done here? The kitchen committee is

headed by Lottie Barnstable and Helen Weber will be in charge of the dining room. Serving begins at 5 o'clock.

The Wesley club met on Tuesday after school at the church and work was begun on the Christmas play. On Friday evening the Sehlor and Junior MYF groups will meet at the church basement for a party and Mr. Frank Argelander, of Evanston will direct folk games. All young people of the community are welcome.

Mrs. Frank Hamlin is spending a few weeks at Jackson Heights, New York City, with her daughter, Mrs. A. L. Jennings, and family, who last week welcomed a baby daughter, who has been named, Nora Lyn.

Memorial services were held at the Community church on Wednesday afternoon, Nov. 24, for Thomas

Wilkinson, Jr., who lost his life overseas three years ago in an airplane accident and whose body has been recently returned to U. S., with a number of others who lost their lives in the service of their country.

Mrs. Russell Nickerson and Donna spent last week at Galena, where they were called by the death of Mrs. Nickerson's mother, who had

been ill for some time.

Mr. and Mrs. Carl Nader have moved their household goods to the rooms in the rear of their shop on Cedar Ave., and are living there, and Mrs. Ellen Schneider and her daughters are with her mother, Mrs. Anna Nader in the rooms vacated by Mr. and Mrs. Nader.

Mrs. Paul Avery, Sr., entertained the ladies of the sewing club at

luncheon at her home on the north side of Cedar Lake last Thursday afternoon, and Mrs. Church, a neighbor, also Mrs. Eugene Sheehan, and Janet, of Antioch, were guests.

Mr. and Mrs. Kasting, who purchased the Joe Koelstra property

some time ago, have the foundation ready for a new home on the vacant lot adjoining their home. Mr. Kasting is the driver of the school bus.

The Don Sherwood home on the south bank of Cedar Lake is ready (Continued on following page)

**SLEEP IN WARM COMFORT  
WITH AN ELECTRIC BLANKET**

Wouldn't it be fun to double-cross the weather on cold winter nights? You'd sleep right through without getting up to hunt for extra blankets or waking to pull one from the foot of the bed. With an electric blanket or comforter you can blissfully ignore the thermometer... open the windows wide and slip into a bed already warm.

Even mounds and mounds of ordinary blankets only insulate from the cold... but an electric blanket or comforter produces just the right amount of warmth no matter how the temperature shifts. You set the automatic control only once a season—from then on the electric blanket adjusts automatically to changing room temperatures.

You'll wake refreshed and relaxed. The weight of layers of covers is tiring... one electric blanket or comforter gives you warmth without weight. "Cold spots" are banished, too—your bed is sunny warm all over.

Lovely electric blankets and comforters launder and clean as beautifully as ordinary blankets or comforters. The only difference lies in having only one per bed to launder and store for the summer months—not three or four.

You've been promising yourself a really good night's sleep for a long time... do something about it today. Go to your dealer or Public Service Company and get the details of real sleeping comfort.

(continued from preceding page)  
for occupancy.  
Mrs. Stella Pedersen, of Oak Knoll Drive, was in Chicago to spend the Thanksgiving holiday with her sister, Mrs. W. B. Kennedy, and other relatives.  
In a letter received last week from Rev. Dwight Dixon and Mrs. Dixon to Mrs. Agnes Kelly, they told of the recent serious illness of their son, Bobbie, who was in the hospital, but was improving. Mrs. Dixon had also spent some time

in the hospital soon after they went to Tolstog, S. D., their home now, where Rev. Dixon serves two churches.

Mrs. Clifton Bray and her sister, Mrs. Virginia Smith, entertained Mr. and Mrs. H. Whittemore and daughter, Anne, of Flossmoor, and the Kenneth McNamara family, of Grayslake, at their home in Buena Park on Thanksgiving Day.

Mrs. Gillette, of Barrington, is with her daughter, Mrs. William Marks at Chesney farm for the winter months.

Mrs. Mildred Hucker, has been

absent from her duties at the Post office for the past two weeks and has been a patient at St. Therese.

The Halcyon group held their regular monthly meeting at the church basement Thursday evening, Nov. 18. The group voted to buy a new davenport and also have the bedrooms of the parsonage papered before Christmas.

Funds were voted for toys for the nursery, now in operation at the church Sunday mornings, where parents may leave their small children while attending church services.

Lights and ornaments for the church Xmas tree and wreaths and candles for the church sanctuary will be furnished by the group this

year.  
Barwell Settlement, of Waukegan, will be remembered at Xmas time.

At the close of the meeting, presided over by vice president, Helen Avery, games were enjoyed and refreshments served by hostesses.

Charlotte Weber, Verna Bennecke, Dorothy Bennecke and Emma Williamson.

The December meeting will be a pot luck dinner to be held at the church parsonage Dec. 16, with a gift exchange not to exceed one dollar.

## See Demand for Building Mat'l. Heavy Till '60

Although there may be a period of readjustment in the months ahead for all types of business, the general outlook for building points toward continued heavy demand until at least 1960, Mr. R. B. Vos and C. C. Vos of the Antioch Lumber and Coal Co., Inc. said today.

They have just returned from Chicago, where they attended conference of building authorities held by Johns-Manville Corporation. Reports at the meeting covered studies made throughout the United States. The discussion was led by Johns-Manville executives from New York, including Vice president Harold R. Berlin, general manager of the company's Building Products Division; R. S. Hammond, general sales manager; W. R. Wilkinson, merchandising manager; and H. M. Shackelford, sales production manager.

"Insofar as prices are concerned there would appear to be definite limits to any prospective decline as purchases are adjusted to income. Even though the saturation point is reached for certain items, de-

mand promises to continue strong for many items with a combination of factors indicating relatively high volume of business for our total economy. Once the water is squeezed out of cost, we should reach a fairly solid price foundation.

"There appears, therefore, a bright outlook for steel, automobiles, building construction and durable goods. Especially important in the long term outlook is the prospect of a population mounting to 155 millions of 1950, high wages, capital purchases running for several years, reasonable foreign trade possibilities, the Marshall Plan and prospects for a political situation favorable to business."

The probability of high volume carries with it the prospect of greatly intensified competition, because the machinery capable of such enormous production itself promises that goods of each type will ultimately be thrown on the market in excess of current effective demand, Mr. Berlin said.

## Motor Club Urges Safe Winter Driving

The readjustment of winter driving habits and speeds by motorists before the Thanksgiving Day holiday is a necessity if a repetition of last year's traffic toll is to be averted, Charles M. Hayes, president of the Chicago Motor club, declared today.

During the four-day Independence Day holiday last year when the traffic volume rose to record-breaking proportions, 26 persons were killed and 988 seriously injured in automobile accidents on Illinois highways, Mr. Hayes continued. Yet, there were 37 fatalities and 1,408 serious injuries during the five-day Thanksgiving Day holiday despite the relatively light traffic which usually prevails during the winter months.

Decreased visibility and icy road conditions were important factors behind this high rate of fatalities and injuries. Motorists were unprepared to cope with these hazards created by adverse weather because

their driving habits and speeds had not been acclimated to winter road conditions.

To offset these hazards, the Chicago Motor Club executive recommends the following program:

(1) Early starts to insure completion of trips before dusk and to minimize the temptation to drive at speeds too high for winter road conditions.

(2) Moderate speeds at all times and sharp reductions of speeds at intersections, to compensate for the poorer traction and visibility for both pedestrians and cars.

(3) A generous extra margin of

safety in passing or following cars.

(4) Make sure the car is adequately ventilated, as a defense against drowsiness behind the wheel and the hazard of carbon monoxide poisoning.

Nearly half of the nation's supply of hybrid sweet corn seed is processed in Caldwell, Idaho.

### This Changing World

Pioneers thought trees were something to clear off the land, burn in the fireplace, use for cabins and split for fence rails. All of these things still can be done with trees, from which, also, paper, plastics, sugar, chemicals plywood textiles and an extensive list of other new products are made.

insurance team of the Chicago Classic league home on the short end of a 2714 to 2804 series. The visitors took an early lead in the first game and held it throughout the second game, but the locals came through with a 977 game in the closer to win the match. Chas. Sink was high man for the Builders with 637, the series included a 245 game.

#### LADIES' MAJOR LEAGUE FRIDAY, NOVEMBER 19

R. Kelley was the winner of the turkey shoot last Friday evening with a creditable 505 series. She had games of 158-204-145. The Stork team, however, who opposed Blums' on which Kelly bowls were two-game losers. Louise Keulman was high for the Stork with 458.

M. Cook was high for Bussie's bar with 456, when the team took two games from the Recreation. L. Pape and H. Beduhn were high for the Recreation with 464 and 461 respectively.

Elsie Hays shot a nice 493 series to spark the King Drug store team to two wins over Barnstable and Brogan. Marge Walsh was high for the losers with 486.

#### LADIES HANDICAP BOWLED NOVEMBER 16th

Erhardt's resort was high team for the night with a big 2493 series. They had games of 819, 869 and 895. High individual scorer was Louise Fernandez with 157, 187, 171 for 515. Second high series was bowled by Ruth Gaston of the Antioch News—507. High single game for the night was rolled by Clara Zuehlendorf with 188.

Bud's tavern still holds first place with 20 wins and 10 losses. Slide Inn and Erhardt's are tied for second place at 19 wins and 11 losses while Golden Glo is third with 17 wins and 13 losses.

#### ANTIOCH TAVERN LEAGUE

Bill Keulman was again winner of a turkey in the Tavern League turkey shoot on November 15. Bill shot 623 on games of 177, 203 and 243 for the winning total. Ray Horan was also a winner with a 611 series. Ray's series featured a 233 game.

Pagel's tavern is still holding on to first place with 19 wins and only 11 losses, followed closely by Louie and Ed's and Sorenson's tavern, both tied for second spot at 17 and 13. Thompson's Tavern, Joe and Helen's and Pikeville are all three tied for third at 16 and 14. Rivalry for the top positions is closer in this league than in any other, with the top names being changed with the winning of a very few games.

### CHRISTIAN SCIENCE CHURCHES

The subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Thursday, November 25th, was: "THANKSGIVING"

The Golden Text was:  
"Offer unto God thanksgiving; and pay thy vows unto the most High" (Psalms 50: 14).

Among the citations which comprised the Lesson-Sermon were the following from the Bible:

"I will mention the loving kindnesses of the Lord, and the praises of the Lord, according to all that the Lord hath bestowed on us, and the great goodness toward the house of Israel, which he hath bestowed on them according to his mercies, and according to the multitude of his loving kindnesses. For thus saith the Lord God; Behold, I, even I, will both search my sheep, and seek them out. And ye my flock, the flock of my pasture, are men, and I am your God, saith the Lord God" (Isa. 63; 7; Ezek. 34: 11, 31).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy:  
"Spirit blesses man, but man cannot tell whence it cometh. By it the sick are healed, the sorrowing are comforted, and the sinning are reformed. These are the effects of one universal God, the invisible good dwelling in eternal Science. . . . Are we really grateful for the good already received? Then we shall avail ourselves of the blessings we have, and thus be fitted to receive more." (pp. 78, 3).

Channel lake considers himself lucky that he escaped with cuts and bruises when he was thrown through the windshield of William Hynet's car in an auto collision at Kenosha.

Hynet told Kenosha police he was driving north on 24th ave., when his car was struck by one driven by Robert Kreuser, 23, of Pleasant Prairie who was going west on 52nd st.

The Hynet car was whirled into an electric light pole and the sudden impact sent Brackney into the windshield. He was treated for his injuries at St. Catherine's hospital. Hynet, an Antioch resident, had but little injury.
